## Rutland High School • 2008

To ...Mr. Will Costello

You are the type of teacher that happily helps students with anything and do it with a smile. You have a sense of humor that radiates throughout your classroom and you are always amused at the brilliant ideas with which students enlighten you. While being widely known for taking responsibility for the yearbook, which is a very difficult task, you have also taught classes in web design, multimedia, desktop publishing, and student publications. It is obvious that you love teaching because of the big grin on your face every time a student asks a question, creates a fine piece of work or challenges you. As an experienced world traveler you have worked in over 10 countries utilizing your expertise in photography and technology education.

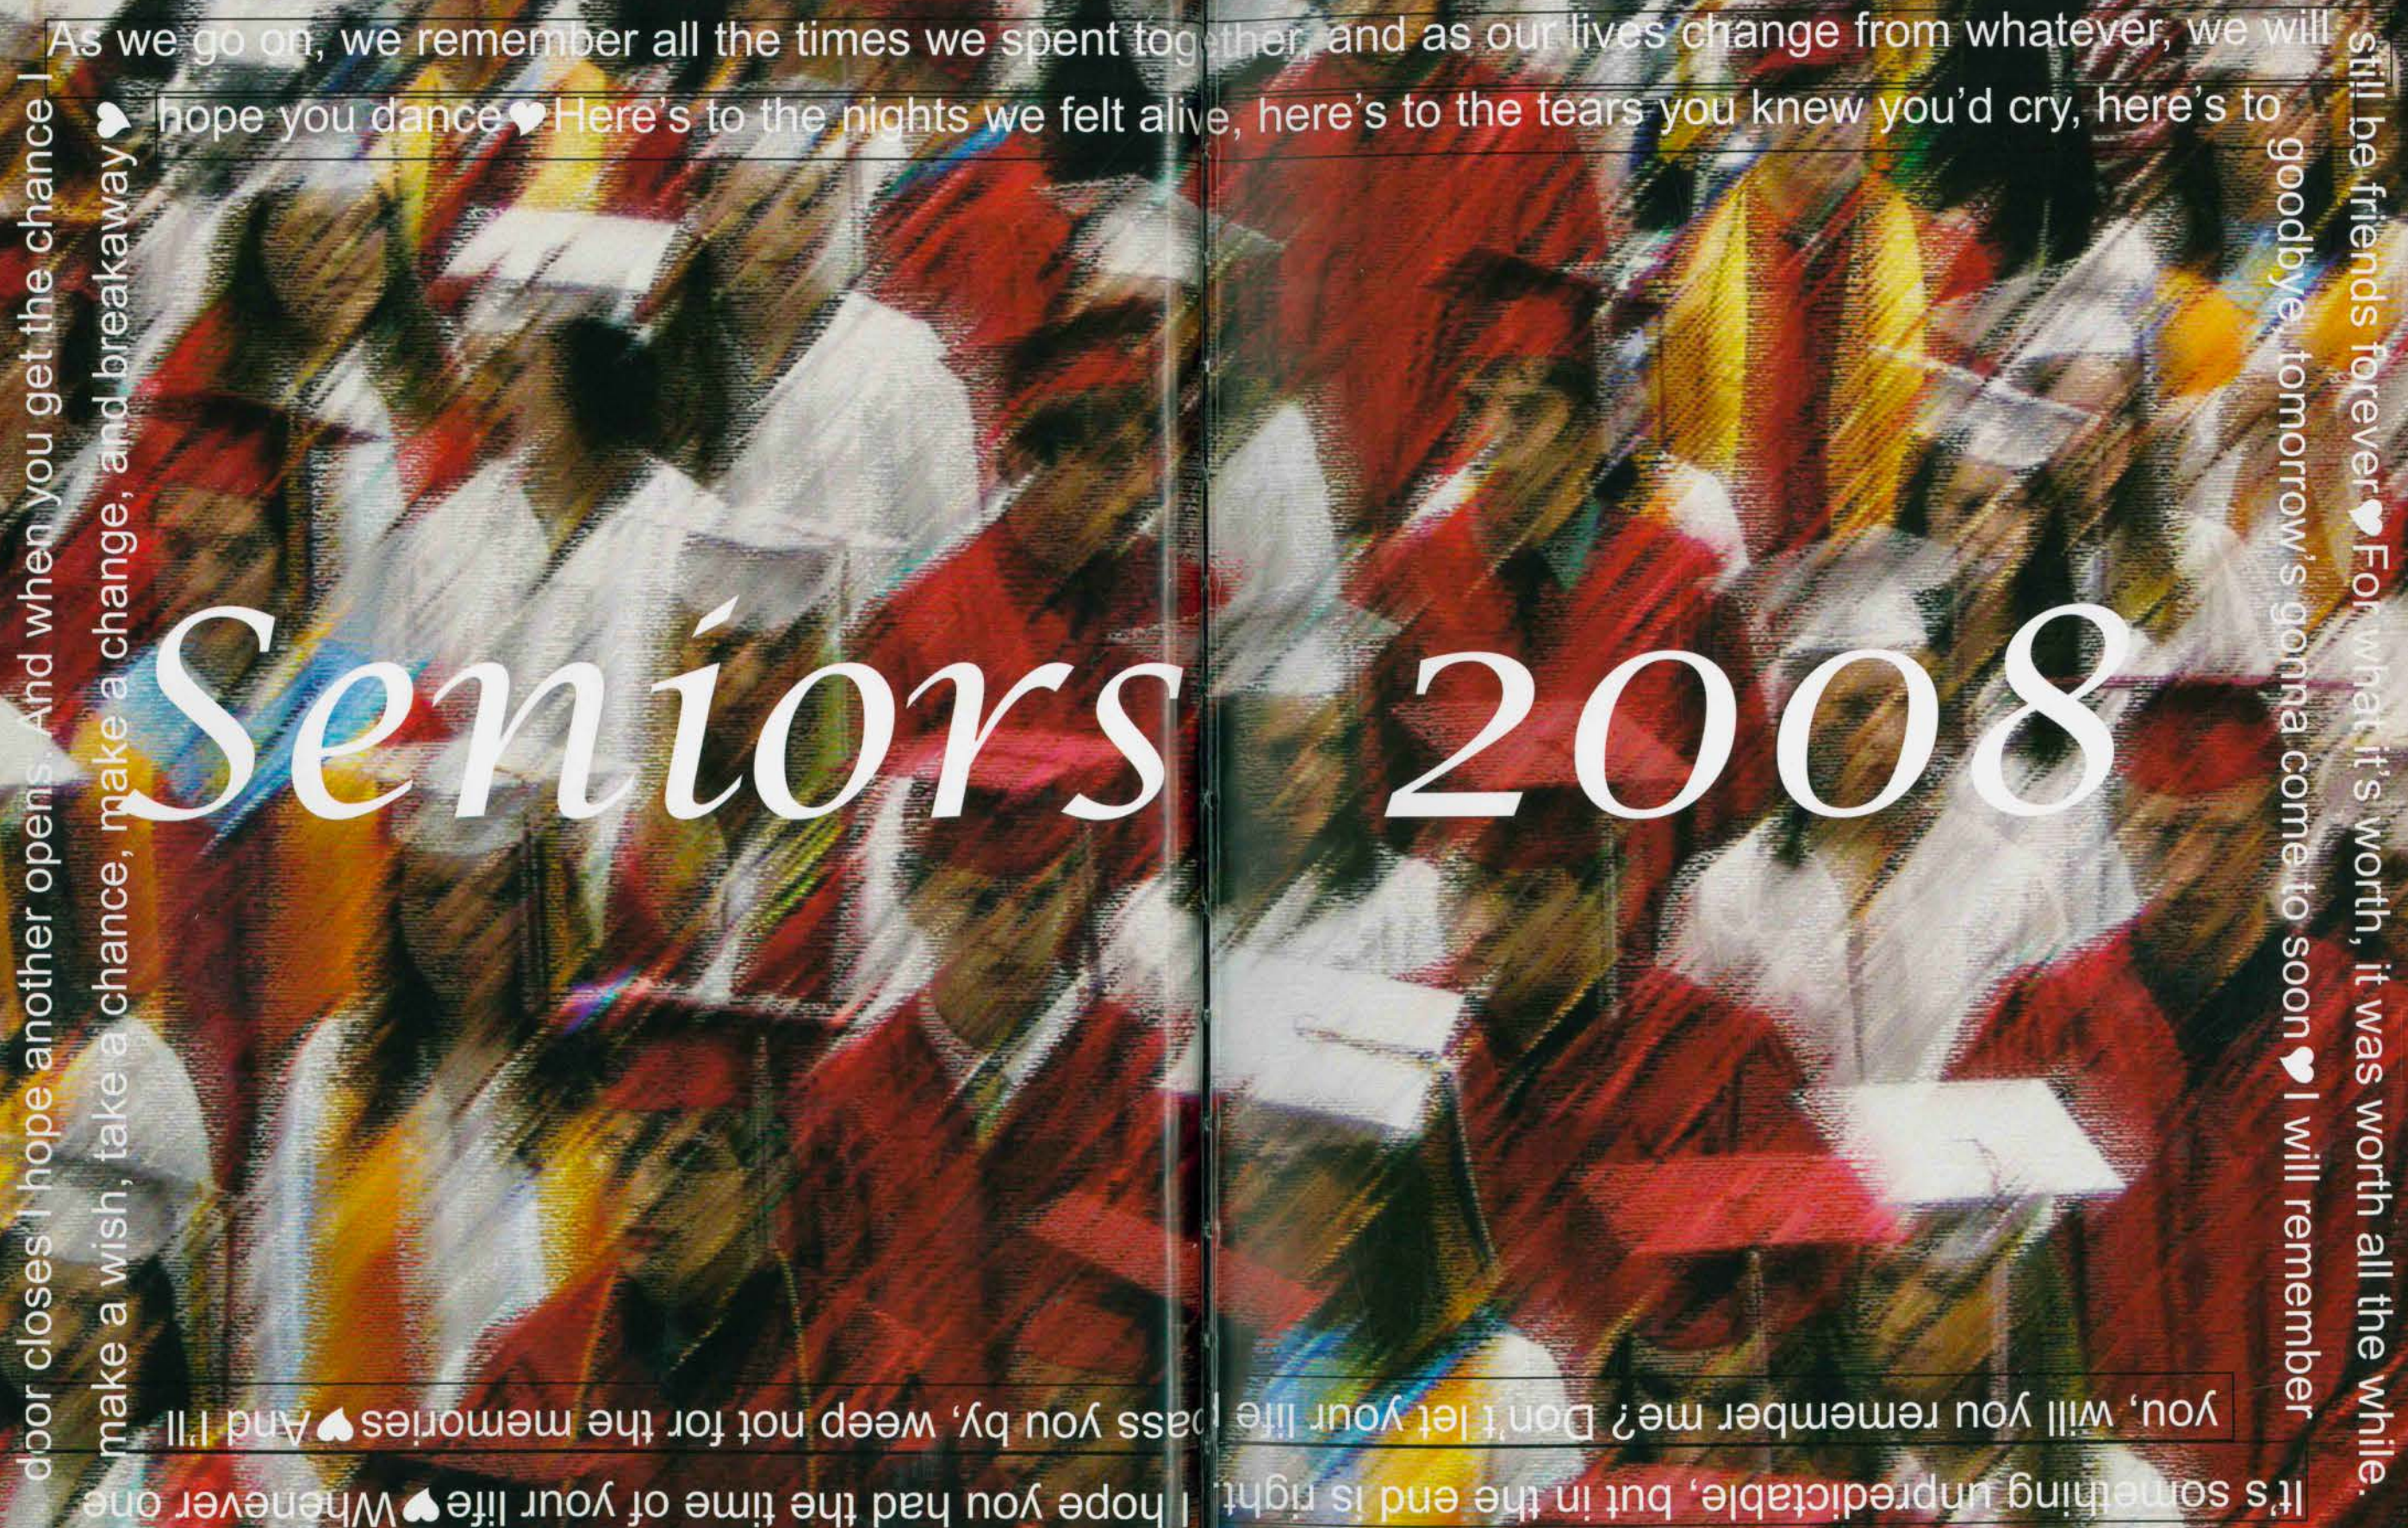

We are honored to dedicate our 2008 yearbook to you, Mr. Costello, because you are the guy that works behind the scenes and does not seek appreciation. Hopefully RHS students in the years ahead will also see what we see in you!

From...The Senior Class • 2008

This yearbook was digitized by volunteers from the

Rutland Historical Society and the Rutland Free Library.

As we go on, we remember all the times we spent together, and as our lives change from whatever, we will still be friends forever ♡ For what it's worth, it was worth all the while.

door closes I hope another opens. And when you get the chance I hope you dance ♡ Here's to the nights we felt alive, here's to the tears you knew you'd cry, here's to goodbye, tomorrow's gonna come to soon ♡ I will remember

# Seniors 2008

It's something unpredictable, but in the end is right. I hope you had the time of your life ♡ Whenever one of you, will you remember me? Don't let your life pass you by, weep not for the memories ♡ And I'll make a wish, take a chance, make a change, and breakaway ♡
